DHT (Primary 7-S3) – Jennifer Livingstone  
DHT (Senior Phase) – Lynsey O'Donnell

## Introduction by Head Teacher

We are really proud to be able to share with you our very first Woodland View School handbook. Our amazing building has been 6 years in the planning and now we are all incredibly excited to be able to spend our first year together in our beautiful setting. We hope you find this handbook useful and informative and that it will reflect the exciting times we are currently in.

Woodland View School is a primary and secondary school for children and young people with a wide range of additional support needs. It was designed by staff from both schools alongside an interim parent council, working alongside an experienced team of architects and designers. We also have a pre-school provision which works alongside both the school and other early year provisions in the local authority.

We will ensure we continue all the excellent practice that existed in both Campsie View and Merkland Schools and work together so that all learners are supported and motivated to achieve their potential. We will work to provide a range of opportunities that are relevant to our learners both now, and in their post-school destinations.

Through our incredible new building, individualised curriculum and our highly trained and supportive staff, we will provide appropriate learning to meet the needs of each pupil. We will look to our wider community to ensure that our children and young people access a range of opportunities and are able to learn the skills necessary to progress within both their academic and social learning. A vital part of this progression is ensuring that everyone is working as a strong team around the child in partnership with families and other external agencies as appropriate to each child.

I hope that our new handbook will give you as much information as possible about our school, the staff and the opportunities which are available to our children and young people. As always, please feel free to contact me at the school if I can provide further information.

Kay Hunter

## Official Key Handover Ceremony 20 June 2023

On Tuesday 20<sup>th</sup> June 2023 we took over the keys to the new school!  
Preparation for August 2023 was full steam ahead!

## About our School

Woodland View School is a purpose built school planned and designed to meet the social, emotional, learning and medical needs of learners with an additional support need in East Dunbartonshire, whose needs require the support of a standalone specialist school. We have an early years provision, primary department and secondary department. The school role on opening is 201 learners across the primary and secondary departments.

We are an inter-denominational, co-educational provision.

Learners are in classes dependent upon a number of factors including, but not exclusively, social and emotional need, medical needs, academic strengths and learning styles and peer relationships.

## Accommodation and Facilities

Woodland View School has been purpose built to ensure that all learners are able to receive their entitlement to a broad, balanced and appropriate curriculum. Classrooms are equipped to provide education for all Curriculum for Excellence (CFE) areas:

- Health & Wellbeing
- Languages
- Mathematics
- Science
- Social Subjects
- Technologies
- Expressive Arts
- Religious & Moral Education.

In addition to the core teaching classrooms we have specialist rooms for art, music, STEM (science, technology, engineering and maths), home economics, PE, drama and life skills.

## Woodland View School Handbook 2023-2024

We have additional specialist resources in the form of splash and hydrotherapy pools, soft play and a sensory room, a fitness suite and a rebound room. These are timetabled based on the current presenting needs of the children and young people.

We have on-site health and social care partnership facilities where our nursing team are based, and visiting professionals such as speech and language therapy, educational psychology and our community paediatricians can access these facilities to consult with learners and their families.

We have extensive outdoor space with a range of resources and areas available which include areas both within the central aspects of the building and outside the school walls. There are sensory areas, activity areas and outdoor learning spaces, as well as a MUGA (multi-use games area) for the learners to access.

Support Staff and management supervise the playgrounds at intervals and lunch breaks in line with both the highly specific needs of our learners and those required by the Schools (Safety and Supervision of Pupils) (Scotland) Regulations 1990.

In addition to the sports facilities within our school we also have the nearby Merkland Recreational Playing Fields which provide additional facilities for all outdoor recreational activities such as athletics and cricket, with the new pitch for Waterside being completed adjacent to the school.

**The core school day is as follows however there will be variations within the day, dependent on learner need eg breaks / lunches:**

Primary Pupils				
09.00 - 10.30	10.30 - 10.45	10.45 - 12.15	12.15 - 1300	1300 - 1500
Classes	Morning Break	Classes	Lunch	Classes

Secondary Pupils								
9.00	9.15	10.10	11.05	11.20	12.15	13.05	13.50	14.40
9.15	10.10	11.05	11.20	12.15	13.05	13.50	14.40	15.30
Reg	Block 1	Block 2	Break	Block 3	Block 4	Lunch	Block 5	Block 6

Within the secondary there is also flexibility to ensure each learner receives the specific aspects of intervention for medical, social and emotional needs bespoke to them.

**Models discussed in the secondary department**

In order to ensure all learners achieve a bespoke curriculum appropriate to their learning needs the following models are used.

**Primary Model** (also includes some secondary classes) – children and young people with the same teacher for the majority of the week with other teachers providing NCCT (non class contact time) for the core teacher.

**Teacher in Model** (secondary) – children and young people with the same teacher for the majority of the week with other specialist teachers coming to the core classroom to deliver their subject. This may include art, science, technical etc

**Health and Wellbeing Model** (secondary) – young people with a core teacher for literacy, numeracy, and health and well-being then move round school to access other subject specialists

**Secondary model** (secondary) – young people move round the school following a broadly secondary timetable.

**College / Out of school opportunities** - our senior phase pupils may also access learning opportunities outwith Woodland View School which may include supported college courses or other training opportunities such as Enable, Gardening projects etc.

<b>PE</b>	All pupils in Woodland View School will have the opportunity to experience physical education, activity and sport for 2 hours each week in line with national guidelines, however some learners may take part in further activities dictated by personal programmes.
<b>Assemblies</b>	Assemblies take place throughout the session depending on need and school focus. Some of these may be for school and some may have families invited. This will be communicated through the groupcall system.

Pupils return	Tuesday 28 May
<b>June 2024</b>	

Last day of school	Wednesday 26 June
--------------------	-------------------

## Section 1

### Attendance and Absence

#### Attendance at School

Section 30 of the 1980 Education Act lays a duty on every parent of a child of 'school age' to ensure that their child attends school regularly. Attendance must be recorded twice a day, morning and afternoon.

Regulation 7 of the Education (School and Placing Information) (Scotland) Amendments, etc. Regulations 1993 requires each child's absence from school to be recorded in the school register as authorised i.e. approved by the authority, or unauthorised i.e. unexplained by the parent (truancy) or temporarily excluded from school.

#### Un-notified Absence Policy

It is East Dunbartonshire Council's policy that parents should notify their child's school if their child is going to be absent. In some instances, it might not be possible for parents to pre-notify the school of an absence because their child may have become unwell during the night. In these circumstances, parents should notify the school before 9am. There will be someone available in the office to take these calls from 8am each day. This will enable us to contact the bus or taxi contractors to let them know not to collect your child.

If parents do not inform the school of their child's absence, we will try and contact you. This may involve contacting you and, where necessary, your emergency contact person(s). If these actions are not successful, the school will ask the school's Attendance Officer to visit your home. In some exceptional circumstances, where the school believes your child could be at risk of harm, contact will be made with the Police and/or Social Work.

#### Family Holidays

Family holidays will only be regarded as authorised absence where prior agreement from the school has been obtained and where it is judged the holiday is important to the wellbeing and cohesion of the family, following serious or terminal illness, bereavement or other traumatic events.

Parents may request that their children be permitted to be absent from school to make an extended visit to relatives. This leave will be regarded the same as a family holiday but will be recorded separately from school holidays for attendance purposes. Requests should be made in writing detailing the destination and the duration.

With no explanation from the parents, the absence is unauthorised.

### Information regarding exceptional closures

We make every effort to maintain a full educational service, but on some occasions circumstances arise which lead to disruption. Schools may be affected by, for example, severe weather, temporary interruption of transport, power failures or difficulties of fuel supply. In such cases we shall do all we can to let you know about the details of closure or re-opening. We shall keep you in touch by using groupcall (text or email) letters, and announcements in the press and on local radio if appropriate. There will also be updates on the website [www.eastdunbarton.gov.uk](http://www.eastdunbarton.gov.uk) and our school Twitter page

#### (a) Parental Communication with School in Case of Emergency

It is important that parents keep contact with the school to a minimum in the case of an emergency. When you telephone the school you will be asked for a contact number and your message will be repeated back. Please ensure the pupil's name, class and/or teacher's name is given.

Where possible you should telephone before 2.30pm if there are any changes to childcare arrangements.

### Comments, Compliments and Complaints Procedure

We are keen that you should be completely satisfied about your child's education and we encourage feedback on our services from parents and pupils. We are, therefore, interested in feedback of all kinds, whether it be comments, compliments, or complaints.

If you want to register a comment of any type about the school you can do this by writing, e-mailing, telephoning or making an appointment to see someone. All feedback is welcome and keeps us in touch.

If, in particular, you have a complaint about the school, please let us know. It is better that these things are shared openly and resolved fairly, rather than being allowed to damage the relationship between the family and the school. There will be no negative consequences arising from making a complaint and we will deal with the issue as confidentially as possible.

In relation to making a complaint:

- Stage 1 – Frontline resolution, we will always try to resolve the complaint quickly and to the customer's satisfaction wherever we can. This resolution will be provided within five working days, unless there are exceptional circumstances.
- Stage 2 – Investigation, if you are dissatisfied with the decision at stage 1, the complaint will be investigated, acknowledge in three working days and decision provided as soon as possible but within twenty working days.
- If you are still unhappy after the further investigation and reply you can take the matter up with the Scottish Public Services Ombudsman, our reply will include the contact details.

- You should also note that you have the right to raise unresolved concerns with your local councillors, MSP or MP.

## Section 2

### Parents Welcome

All East Dunbartonshire Schools welcome parental involvement as research has shown that when families work in partnership with schools the learners are better supported across their whole lives.

It is the policy and practice of the school to support parents/carers to visit or contact the school to discuss any matter in relation to their child's education. We welcome comments and opinions from our parents who can leave feedback by phone, email, letter or using the 'Get in Touch' page on our website. We make every effort to ensure we are an 'open' school and strive to reply to contacts within 24 hours. Parents also have the opportunity to leave feedback at the end of each parents' night.

In addition to this overall policy certain planned methods of contact have also been arranged:

- Review Meetings,
- Parents' Nights,
- Curricular Meetings,
- Newsletters,
- Home/School Diaries.
- Twitter feed,
- Text alerts,
- E-mail,
- Website,
- Calling our office to speak to staff directly.

We encourage families to become involved in the life of the school and to support their child's learning at home and are happy to offer advice and support to families on an individual basis. This may be around learning, behaviour that challenges, speech and language development or any other aspect of your child's development that we may be able to work in partnership with families on.

#### Mellow Parenting

This session our three Mellow Parenting trained staff will be running 15 week programmes for a small group of parents. This is an incredibly exciting opportunity which is being implemented across a number of ASN provisions in Scotland. More information and nomination forms will come home early in the session.

## Parental Involvement

### Parent Councils

Parent Councils are the formal representative body for parents / carers with children attending school. Parent Councils are different in each school to enable them to meet the needs of parents / carers locally.

Parents are welcomed to be:

- involved and engaged with their child's education and learning;
- be active participants in the life of the school; and
- express their views on school education generally and work in partnership with their children's schools.

All parents / carers are automatically members of the Parent Forum at their child's school. As a member of the Parent Forum all parents can expect to –

- receive information about the school and its activities;
- hear about what partnership with parents means in our school;
- be invited to be involved in ways and times that suit you;
- identify issues you want the parent council to work on with the school;
- be asked your opinion by the parent council on issues relating to the school and the education it provides;
- work in partnership with staff; and
- enjoy taking part in the life of the school in whatever way possible.

The Parent Forum decides how their representatives on the Parent Council are chosen and how the Parent Council operates. Parents / carers are encouraged to volunteer or put themselves forward to be chosen as representatives of the Parent Council if they wish.

The main aims of the Parent Council are:

- To support the school in its work with pupils
- To represent the views of parents
- To promote contact between the school, parents, pupils, providers of Early Learning and Childcare education and the community
- To report to the Parent Forum
- To be involved in the appointment of senior promoted staff.
- To raise funds for the school for the benefit of pupils (in some schools the PTA fulfils this role).

### Parent Council Office Bearers

Chairperson	Currently K Hunter until AGM
Parents	A Mui G MacRitchie (other members tbc at AGM)
Woodland View School Staff	S Cochrane S Tonner M McBryan F Dubourt T MacHattie
Adviser to School Board	K. Hunter
Clerk to the Board	A Marshall

Please contact the Parent Council via school office.

For more information on parental involvement or to find out about parents as partners in their children's learning, please contact the school or visit the Parentzone website at <https://education.gov.scot/parentzone>

### Parent Teacher Association (PTA)

The PTA is mainly responsible for arranging events for parents and raising funds for the school. Volunteers are welcome, and a new PTA will be established after our move to Woodland View School.

For more information on parental involvement or to find out about parents as partners in their children's learning, please contact the school or visit the Parentzone website at <https://education.gov.scot/parentzone>.

The Scottish Parent Teacher Council is the national organisation for PTAs in Scotland and runs an independent helpline service for all parents.

They can be contacted by phone on 0131 226 4378, fax 08707065814 or email on [sptc@sptc.info](mailto:sptc@sptc.info) or write to SPTC, 53 George Street, Edinburgh EH2 2HT.

The national Parental Involvement Strategy can be downloaded from:-

<https://www.gov.scot/publications/learning-together-scotlands-national-action-plan-parental-involvement-parental-engagement/pages/14/>

## **Equal Opportunities and Social Inclusion**

In East Dunbartonshire, all children and young persons are entitled to participate fully in a learning community which promotes equality of opportunity and seeks to protect against all forms of discrimination.

The school believes that pupils and staff have the right to learn in a caring and safe environment. Staff will not tolerate any behaviour or attitudes which lead to staff and pupils being humiliated or harmed because of their age, race, colour, language, nationality, ethnic origin, cultural and religious beliefs, sexual orientation, gender, marital status and disability.

### The Equality Act (2010)

The General Equality Duty was created by the Equality Act (2010) and replaces the race, disability and gender equality duties. The duty came into force in April 2011 and covers age, disability, gender, gender reassignment, pregnancy and maternity, race, religion or belief and sexual orientation.

The school is committed to the requirements of the Equality Act (2010) and as such we will have due regard to the need to:

- Eliminate discrimination, harassment and victimisation;
- Advance equality of opportunity between children and young people who share a characteristic and those who do not;
- Foster good relations between different groups.

The school will take cognisance of the Equality and Human Rights Commission's 'Technical guidance for schools in Scotland' in the development of its policy and practice.

A copy of this document can be obtained from all schools in East Dunbartonshire Council, and from the Chief Education Officer who is based at The Marina, Strathkelvin Place, Kirkintilloch, Glasgow G66 1TJ. Tel: 0300 1234510.

## **Development of Pupils' Spiritual, Moral, Cultural and Social Values**

The school is committed to supporting the development of its pupils as whole people and as a result, wishes to encourage their development in spiritual, moral, social and cultural terms.

These key human aspects of learning are supported through the following arrangements by:-

- Creating a school ethos which, in every way possible, gives value to these aspects of development, especially by providing an overall atmosphere that is both caring and challenging and which provides opportunities for the development of personal responsibility.
- Promoting social and moral learning through the way in which disciplinary issues are handled.
- Ensuring that staff and adults within the school provide positive models for pupils.

- Arranging regular gatherings of the school as a community and using such occasions to encourage and reinforce the values on which the school is based.
- Enriching the curriculum in all appropriate areas with an emphasis on spiritual, moral, social and cultural development.
- Providing opportunities within the curriculum to advance personal and social development.
- Providing a programme of religious education in which consideration will be given to responses to basic questions relating to the meaning, value and purpose of human life.
- Providing a programme of moral education.
- Taking every appropriate opportunity to acknowledge, value and appreciate the various cultures and heritage of the pupils and to encourage them to appreciate and value the cultures and heritage of others.

East Dunbartonshire Council's Anti Weapon / Knife Crime Policy can be found at:-  
<http://www.google.co.uk/url?sa=t&rct=j&q=&esrc=s&source=web&cd=1&ved=2ahUKEwi6uZn2x5rfAhXN-KQKHWDMCjEQFjAAegQICRAC&url=http%3A%2F%2Fwww.snct.org.uk%2Flibrary%2F2438%2FAnti-weapon%2520and%2520knife%2520guidance%2520EDC%2520Final%2520June%252017.docx&usg=AOvVaw20SmMOGWEwjRXAs63toing>

## Section 3

In Woodland View School we have an overarching aim, following consultation with learners, staff and parents to

*“A place of learning where every member of the school community is supported to achieve their potential”.*

In our school this means that, by following our values of kindness, achievement and respect, we support our learners, staff and community to thrive socially, academically and emotionally to work together and achieve the best outcomes for our learners both whilst at school and on leaving school to join post school destinations.

In Woodland View School we aim to create a caring atmosphere in which each pupil will feel happy and secure throughout their school career. We recognise that all of our pupils are individuals and celebrate their achievements accordingly with certificates in classes, sharing of successes with families and the wider school through our communication channels, social media and at assemblies, and through our assessment and reporting procedures.

Woodland View School consists of nursery, primary and secondary departments. We have 3 Depute Head Teachers who are responsible for the overall pastoral care of all the children and young people in their allocated year groups.

In addition, each secondary class group is allocated a Guidance/Registration teacher. Classes meet with the Guidance Teacher each morning for an emotional check in, morning routine and sharing of messages from home.

The schools currently communicate through groupcall, email and Seesaw and this will continue to adapt as we move into Woodland View School.

### **Pastoral Care and Support for Pupils**

We aim for our pupils to feel happy and secure in whatever activity they are taking part. We work with our link Educational Psychologists in facilitating training and understanding of Nurturing Principles and aim to implement these throughout our daily work.

Minor issues involving any child which arise within the classroom or in the playground are dealt with by the class teacher or the member of staff on duty. A child or young person's parents or guardians may be contacted by the Head Teacher or member of the management team if it is felt necessary to involve them in dealing with a particular concern or situation. Families are always welcomed and encouraged to contact the school if they have any concerns or worries. We encourage families to share concerns about home circumstances or medical matters which may affect their child's work or behaviour in school. Parents should contact a member of the management team if urgent support is required. Families are also encouraged to share medical discussions with our health and well-being workers and nursing staff on-site.

### **Pupil Council**

Our pupil council will be made up of 1 pupil from each of our secondary registration classes and led by 2 members of staff. The council will meet once a month.

We are also included in the East Dunbartonshire pupil forums which meet regularly throughout the year. The parents/carers of the children selected for this will be contacted about the dates and the requirements of this in order that both school and home can support this opportunity.

### **Associated Primary, Secondary & Special Schools**

As we are a "cross authority" provision we have links with many partnership schools and services. Woodland View School currently has curricular and social links with many associated EDC Primary and Secondary schools and EDC specialist provisions.

### **West Partnership – Regional Improvement Collaborative**

We are also involved in the West Partnership RIC where we work alongside our ASN school colleagues in our associated local authorities. This work includes moderation and verification, assessment and planning, as well as joint training opportunities for staff and social and sporting opportunities for our learners.

### **Other partnerships which support our pupils include:**

- Active Schools.
- Enable
- Local Area Coordinators
- Ceartas Advocacy.
- EDLC Football coaches.
- Cricket Scotland
- Guala Closures.
- Local Shops and cafes
- Positive Achievements.
- Sporting Aces.

Further Information on other opportunities can be accessed with the school Twitter or by emailing the school office with a specific request. A Sway highlighting the full range of social and sporting opportunities our learners can access is also able to be shared.

## Woodland View School Handbook 2023-2024

## Section 4

### Curriculum for Excellence

#### Bringing learning to life and life to learning.

Curriculum for Excellence spans learning from 3-18 years. Its aims are to improve our children's life chances, to nurture successful learners, confident individuals, effective contributors, and responsible citizens, building on Scotland's reputation for great education.

Many of our learners work between early and first levels with other learning focusing on the benchmarks and milestones, with a bespoke curriculum for each learner.

Our curriculum develops skills for learning, life and work, bringing real life into the classroom, making learning relevant and helping young people apply lessons to their life beyond the classroom. It links knowledge in one subject area to another helping make connections in their learning. It develops skills which can enable children to think for themselves, make sound judgements, challenge, enquire and find solutions.

Curriculum for Excellence balances the importance of knowledge and skills. Every child is entitled to a broad and deep general education, whatever their level and ability. All teachers are responsible for the development of literacy, numeracy and health and wellbeing.

There is an entitlement to personal support to help young people fulfil their potential and make the most of their opportunities with additional support wherever that's needed. There will be a new emphasis by all staff on looking after our children's health and wellbeing – to ensure that the school is a place where children feel safe and secure.

#### **Promoting Wellbeing, Protecting and Safeguarding**

The Scottish Government introduced **Getting it Right for Every Child (GIRFEC)** as a programme of change, reaching across all children and adult services in the public and voluntary sectors in Scotland, to achieve better futures for all of our children, young people and their families. It builds from universal health and education services and drives the developments that will improve outcomes for all children and young people. The Children and Young People's (Scotland) 2014 Act now provides a legal framework around these principles.

We want all our children and young people to be fully supported as they grow and develop into successful learners, confident individuals, effective contributors and responsible citizens. We believe they should be: Safe, Healthy, Active, Nurtured, Achieving, Respected, Responsible and Included. These are the eight indicators of wellbeing.

The Getting It Right approach is about how practitioners across all services for children and adults meet the needs of children and young people, working together where necessary to ensure they reach their full potential. It promotes a shared approach and accountability that:

- \* builds solutions with and around children, young people and families
- \* enables children and young people to get the help they need when they need it
- \* supports a positive shift in culture, systems and practice
- \* involves working better together to improve life chances for children, young people and families

To do this the Scottish Government has legislated that all children have a Named Person until the age of 18 who will coordinate services for them, should they require it. The Named Person for children in early year's settings is their Health Visitor and for those at school it is their Head or Depute Head Teacher. Young people under the age of 18 who have left school can access their Named Person via the Education Service.

Once a concern has been brought to their attention, the Named Person, needs to take action, help, or arrange for the right support in order to promote the child's development and wellbeing. Referring to the eight Wellbeing Indicators, they will need to ask these five questions:

- \* What is getting in the way of this child or young person's wellbeing?
- \* Do I have all the information I need to help this child or young person?
- \* What can I do now to help this child or young person?
- \* What can my agency do to help this child or young person?
- \* What additional help, if any, may be needed from others?

The Named Person also needs to help children and families feel confident they can raise concerns, talk about their worries to people who will listen and respect their point of view and work with them to sort things out. Above all, they will ensure that the child or young person's views are listened to and that the family (where appropriate) is kept informed.

To find out more about **Getting it Right** or to access the Named Person for your child, please enquire directly to the school office.

## **Nursery**

The nursery aims to create a happy, nurturing and fun atmosphere where children will feel secure. A varied, interesting and stimulating environment is provided to encourage children's all-round development and to help lay the foundations for more formal educational experiences. The curriculum provided is based on the national guidelines as outlined in Pre-Birth to 3, Curriculum for Excellence, Milestones, Building the Ambition and Realising the Ambition. Children in the Nursery have access to the learning opportunities to be found in all nurseries. We aim to give children access to a wide range of experiential learning opportunities specific to their educational, physical and emotional needs. All children begin with a 10 week assessment block in close partnership with parents and professionals. At the end of this period a Team Around the Child (TAC) meeting is arranged to determine and plan next steps i.e. review suitability of future placement. All children who attend the nursery following their assessment place will have an IEP written for them by key teaching staff. This forms part of their ongoing assessment and any review process. Review meetings and parents' meetings are held regularly to discuss each child's IEP, progress and transition arrangements. Parents receive regular written reports and are invited to parent workshops. Parents are welcome to visit the Nursery and are encouraged to be involved in every area of Nursery life.

## **Primary Department**

The class structure in the primary department is established at a 10-1 staff ratio with regards to teaching staff. Support staff are allocated based on class and individual need across the school. Class teachers differentiate the curriculum to meet the individual needs of their pupils. Programmes of personal and social development are of particular importance, with an emphasis on self help skills. Planned curricular outings provide opportunities for the practical development of social skills.

Within the weekly time table every primary pupil receives two hours physical education delivered by either the PE teachers or class teacher.

The primary curriculum also includes the types of activities which promote Enterprise in Education, Developing the Young Workforce and Outdoor Education

## **Secondary Department**

The policy on class organisation in the Secondary department is the same as stated above, the maximum size of class grouping is 10 pupils to one member of the teaching team. This does not include any support staff that may be needed in each class – this is allocated dependent upon the needs of the group.

## **Courses in S1, S2 and S3**

S1 – S3 pupils follow a common course of subjects following the Curriculum for Excellence in line with the "Broad General Curriculum" guidelines and individualised according to the needs of each pupil.

## **S4, S5 and S6**

S4, S5 and S6 are known as the Senior Phase within the School. Pupils follow SQA and alternative certification courses supplemented by National Qualifications Units

and school based courses in other curricular areas appropriate to the needs of each individual young person. National 1, 2, 3 and 4 courses are delivered in Woodland View School with opportunities for progression to National 5 with our specialist teachers either within Woodland View or with our mainstream partners.

### **Courses in S5 and S6**

Senior Phase pupils are provided with an element of choice under the curriculum guidelines issued by the Scottish Government. It should be noted however that the range of course options depends on the pupil roll and staffing complement. In Woodland View School, young people and parents are advised as to which subjects are most suitable in consultation with the pupils themselves; referring to the results obtained in national examinations and /or prior learning in S3.

At present in Woodland School all subject areas will offer Units at National levels. Internal assessment takes place leading to SQA certification. Core skills i.e. Communication, Numeracy, Information Technology, Working with Others and Problem Solving are embedded throughout the courses on offer, allowing pupils to acquire credits to allow them to progress.

College links are set up in the senior phase to broaden the range of subjects available and to equip our pupils for life, and support transition to college post school, should this be the intended destination for our learners.

At the end of S4, when pupils reach the official school leaving age of 16 years, learners can leave school and go on to a Further Education (FE) College or join a Preparation for Work Programme. Alternatively, they can stay on at school, continue with unit courses as part of the National Qualifications Programme or attend an FE College on a shared placement basis. At Woodland View we do not anticipate our learners would leave at the end of S4 but we can support this if it is the view of the team around the child that it is the most appropriate pathway for the learner.

### **The World of Work / Future Positive Destinations**

As part of the provision for young people preparing for adult life, we are constantly developing greater links with local industry and services. A significant aspect of this is the provision of work experience and wider life skills activities which in Woodland View School will be offered to the pupils in S5 and S6. The main aims of this are to further develop pupils' work and inter-personal skills, and increase their self-confidence. The development of our Life Skills Room will support this in a 'real-life' context. This level of skills development will be discussed with the team around child in order to align with potential future destinations of the learner.

### **School Minibus**

School minibuses are available for any classes wishing to participating on educational visits or outings. They will be regularly used for transporting pupils to and from sporting events, for swimming, for outings and for longer day trips or residential opportunities for our learners.

## Skills Development Scotland

In Woodland View School, pupils and their parents can access careers advice and information through the regular visits of the careers adviser. Support is tailored to meet the needs of individual pupils and can involve one to one interviews or group works. The careers adviser also attends Transitional Planning meetings and Parents' Meetings in the school to offer information and advice. Out with school, they can be contacted at the local careers office.

Skills Development Scotland  
East Dunbartonshire Campus of Further and Higher Education

Fax	0141 777 5878
Email	TBC
Website	<a href="http://myworldofwork.co.uk">myworldofwork.co.uk</a>

## Education for Global Citizenship

Citizenship has always been an important part of the ethos at Campsie View and Merkland Schools and this will continue at Woodland View School. We strive to create an environment where the basic values of fairness and respect for human dignity are developed in all pupils. Education for Citizenship therefore permeates the curriculum. The school contributes to a number of fundraising activities and charities. The main ones include:

- Children in Need
- Comic Relief
- Poppy Appeal
- MacMillan Cancer Support

## Homework

We appreciate that many of our learners find any level of homework challenging therefore this is not generally set. We are happy to discuss this with families as there may be times when it is valuable to complete tasks at home to bring to school (eg topic work). We love seeing work that the children have done at home that they may want to share with us, so please feel free to share!

## Sensitive Aspects of Learning

When pupils are to study sensitive aspects of learning such as sexual health, parenthood and drug awareness, parents and carers will be notified by mail to detail the content and scheduled time for the coursework. Parents can also phone the school with any concerns.

## **Religious Instruction and Observance**

Religious and moral education will allow your child to explore the world's major religions as well as views that are non-religious.

Your child will think about the challenges presented by these beliefs and values and their place in the world. They will explore how religious and non-religious beliefs and values are expressed through traditions in religion, society and cultures. Your child will think about their own beliefs and values. It will support them to develop moral decision-making skills.

Your child will develop a better understanding of themselves, others and the wider world. Your child will develop their awareness that beliefs, values, practices and traditions are important to families, communities and society - locally and globally. They will develop a richer understanding of the world in which they live.

Parents who wish to exercise their right to withdraw their child from religious instruction and / or observance should contact the Head Teacher, in writing, and alternative arrangements will be made for your child.

## **Extra-Curricular Activities**

Many extra-curricular activities are arranged throughout the year. These include lunchtime clubs as detailed below, sports fixtures such as football and cross country events and residential visits to outdoor education establishments in Scotland. There is also the opportunity to attend a ski trip in another country.

Certain activities will require parental consent to attend and for medication to be administered during residential stays. Parents will be informed of the details of all trips through letters and parental meetings. Learning outcomes, financial costs, behavioural expectations, supervision levels and accommodation will all be discussed during such meetings. In general we would discourage pupils from bringing mobile phones on trips.

### **Lunchtime Clubs may include**

- Art Club
- Common Room for senior phase
- Football Club
- Music clubs
- Drama clubs

Following a period of settling we would hope to begin after school clubs which children may opt in to.

## Section 5

### Assessment

#### Liaising with and Involving Parents in their Child's Education

The Education Service is keen to ensure that it involves all parents appropriately and sensitively in their child's education. Under Education Law, "parents" include:

- Non-resident parents who are liable to maintain or have parental responsibilities in respect of a child;
- Carers who can be parents;
- Foster carers, relatives and friends who are caring for children under supervision arrangements;
- Close relatives, such as siblings or grandparents caring for children who are not "looked after and accommodated" by the local authority or are under home supervision (looked after) arrangements.

Everyone who is a "parent" (under Education Law) has the right to receive advice and information about their child's education and take part in activities.

The Education Service will treat all parents equally. The exception to this is where there is a court order limiting an individual's exercise of parental rights and responsibilities.

Schools collect information about a child's family circumstances on an annual basis. Where family circumstances change during a school session, it is important that parents inform their child's school of these changes.

Further information about how the Education Service seeks to work with parents is available in the publication *Schools, "Parents" and "Parental Responsibility": A briefing paper for schools and education support services under the management of East Dunbartonshire Council (2007)*.

This publication is available from schools or the Acting Chief Education Officer who can be contacted at:

East Dunbartonshire Council  
The Marina  
Strathkelvin Place  
Kirkintilloch  
Glasgow

Tel: 0300 123 4510

Email: [greg.bremner@eastdunbarton.gov.uk](mailto:greg.bremner@eastdunbarton.gov.uk)

Assessment is a means of obtaining information which allows teachers to make professional judgements about a pupil's learning. Teachers in Woodland View School assess pupils in a variety of ways including observation, diagnostic assessment and national assessments. Woodland View School places a great deal of emphasis on *Assessment is for Learning* approaches.

Pupils also have rights to assessment in relation to the Education (Additional Support for Learning) (Scotland) Act 2009. This could culminate in the opening of Coordinated Support Plans (CSP). A CSP is a legal document designed to bring together all agencies, additional to education, involved with the pupil to collaborate in the development and meeting of stated educational objectives.

In Woodland View School we use pupil friendly Individualised Education Plans. These are used to ensure pupils engage in and evaluated their learning. They focus on supporting children and young people make progress through addressing the barriers that are experiencing to their learning and adaptation of the curriculum accordingly.

During Parents' Evening and Reviews, parents will have the opportunity to discuss assessment profiles. Each year a parent's evening will be arranged for your child so that you can discuss your child's annual report in more detail with their teachers. These will normally be arranged at the end of the school day. Please note that the time for parent's night can vary. However, the school will inform parents by letter of exact timings. Details will also be available through the calendar on the school website.

Parents are also asked to attend one review meeting each year discuss their child's progress. This meeting is chaired by one of our Depute Head Teachers and may be attended by representatives from Psychological Services, Speech and Language Therapy or Social Work. NHS representatives may also be invited if they are working closely with your child.

### **Promoting Positive Behaviour**

In line with East Dunbartonshire Council policy of including every learner, a range of approaches are used at Woodland View to support children and young people to **be kind, achieving and respectful**.

Individual pupil behaviour support plans will be written in collaboration with parents and revised regularly.

## Section 6

Parents seeking a place for pupils in Woodland View School will likely have been advised by another professional to visit the school. Visits will be organised in conjunction with the current placement and the associated educational psychologist. This ensures that the visit is appropriate and that the smooth running of the school is not being unsettled.

The information below is generally for children and young people who are attending mainstream school in EDC.

### **Registration and enrolment**

The date for registration of new school entrants is advertised in all local Early Learning & Childcare Centres the local press and on the council's website [www.eastdunbarton.gov.uk](http://www.eastdunbarton.gov.uk). It is normally in January each year. Pupils should be registered in only one school for their catchment area. Parents will be provided with information about the school, when they register their child. Parents who want to send their child to a school other than the catchment school must make a placing request. Parents of pupils who have moved into the catchment area or, who wish their child to transfer to the school, should contact the school office for information.

Before leaving an Early Learning & Childcare Centre, a transfer of information record for each child will be prepared by Early Year's staff to ensure a smooth transition and continuity of education for the child transferring to primary.

### **Primary School Admissions**

When commencing Primary 1 education, your child will normally attend the local denominational or non-denominational Primary school (regardless of religion) and transfer from it, after Primary 7, to its associated Secondary school. Details of the catchment areas and boundaries can be obtained from the Education Office – Tel. 0300 1234510, or the relevant school.

Enrolment dates will be set by each school and the enrolment should be completed in January prior to the start of term in August. The authority will place adverts in the local press and nurseries advertising the date(s) for enrolment. Enrolment Forms should be completed on enrolment day at your catchment school. Parents are asked to bring the relevant birth certificate(s) and proof of residency when enrolling their child(ren).

You are still required to enrol your child(ren) at your catchment school even if you do not wish him/her to attend that school.

Enrolment timetables will also be available through the East Dunbartonshire Council website at [www.eastdunbarton.gov.uk](http://www.eastdunbarton.gov.uk).

Children eligible for enrolment are those whose 5<sup>th</sup> birthday falls between 1<sup>st</sup> March and the end of February the following year.

### **Secondary School Admissions**

Transfer Information will be issued to parents at the end of term one, in Primary seven.

If you wish your child to attend a secondary school other than the catchment denominational or non-denominational secondary school(s) for your home address, you will be required to make a Placing Request as detailed in the Placing Request section below.

You do not need to submit a Placing Request if you want your child to transfer from a non-denominational secondary school or vice-versa at the primary to secondary transfer stage, as long as the intended secondary school is still the catchment school for your home address. Parents of children who are planning to change from denominational to non-denominational or vice-versa between primary and secondary school should ensure that both the primary school and the intended secondary school know what is to happen.

Each year in the summer term, we arrange transition days for our primary pupils moving in to the secondary provision of our school. Pupils have to opportunity to

experience a secondary education including meeting their new teachers and studying new subjects, moving from class to class period by period, attending the lunch hall at secondary times and joining the secondary playground. Pupils who are transitioning from other schools in the authority to Woodland View School in S1 are also invited to join transition days. Parents are expected to support us to provide a successful transition experience by ensuring children are ready to be collected in the morning and for someone to be at home when they return. Parents and carers are also encouraged to discuss the experience with their child.

Woodland View School staff have a wide range of experience when supporting children who have additional support needs. However, families of children who require assistance with managing their support needs during transition days are asked to please telephone the school to inform us of how we can best serve their child's needs.

### **Placing Requests**

As a parent, you have the right to make a Placing Request for your child(ren) to be educated in a school other than the catchment school. Applications for Primary 1 and Secondary 1 Placing Requests to commence school in August will be accepted following the publication of an advert in the local press inviting applications in early December.

Every effort will be made to try to meet parental wishes, but you should note that it is not always possible to grant every Placing Request to a particular school. You should also note that a successful Placing Request for one child does not guarantee a successful one for another child. It may be, therefore, that a parent could end up with children at different schools.

Primary 1 children must also be enrolled at the catchment area school on the appropriate Enrolment Form whilst awaiting the outcome of their Placing Request Application. If the Placing Request is granted, the child's enrolment at the catchment school will automatically be withdrawn by the Education Office.

Placing Requests can only be approved when there are sufficient places remaining in the class after all catchment area children have enrolled and if staffing and accommodation at the school are able to meet the numbers of Placing Requests at that school. The Education Office can also reserve places in a class for future catchment pupils they expect to move into the area in the following school year.

If more Placing Requests are made for admission to a particular school than places available, these Requests will be prioritised according to East Dunbartonshire Council's Admissions Policy and requests accepted and refused accordingly.

Your Placing Request will be considered against a set of criteria which is set out in the Council's priorities for admission. Please refer to the Placing Request Application Form for more details.

Any Placing Requests received after the 15<sup>th</sup> March for Primary 1 and Secondary 1 will not be considered in the first round of Placing Requests. Parents / Carers will be notified of the outcome of their request within 2 months of receipt your Placing Request.

As soon as a decision has been made, you will be notified of the result. If your Placing Request is successful, you will be asked to contact the school to establish arrangements for enrolment.

Parents should note that in cases where your child is currently in attendance at a primary school as a result of a successful placing request, there will be the need for a further request to be made to transfer to the secondary school associated with the primary school. Parents should, however, be aware there is no guarantee that any such request will be successful and therefore contact should be made with your local secondary school to inform them of your intention to request a place in a school of your choice. Parents are requested to contact the education office to clarify this position if they are unsure.

### **Mid Session Transfers**

You may make a Placing Request at any time during a school session. If your child is experiencing problems at school, you are advised to discuss the matter with the Head Teacher prior to making a Placing Request. Completing the Application Form does not guarantee a place for your child at your chosen school. Your Placing Request will only be granted if there are surplus places available at the school.

### **Transport for Placing Requests**

If a Placing Request is successful, parents will be responsible for the safety and transportation costs of their child to and from their chosen school.

## Section 7

### **Support for Pupils**

#### Children and Young People with Additional Support Needs

East Dunbartonshire Council's policies, procedures and practices relating to children and young people with additional support needs are in line with the Education (Additional Support for Learning) (Scotland) Act 2004 which place duties on education authorities and provide rights for parents of children with additional support needs and young people with additional support needs.

All children require support to help them learn. However, there are some children and young people who need some extra support or support which is a bit different from the support provided for all children to make sure they benefit from school education. That support may come from education services but can also be provided by a NHS Board, Social Work, Skills Development Scotland, or independent and voluntary organisations. Children and young people in school who need extra support or a different sort of support from what is generally available have additional support needs.

These additional support needs can arise for lots of different reasons. The reasons why a child or young person may have additional support needs are too many to list here, however the following are examples:

That the child or young person:

- finds it difficult to behave in school;
- is hearing or visually impaired;
- has a particular health need;
- is living with parents who have a drug or alcohol dependency;
- has English as an additional language.

Some additional support needs may only last for a short period of time other additional support needs will be life long.

If you think your child may have additional support needs you should talk to your child's school or pre school provision about this.

All children and young people have their needs continuously assessed and reviewed. Your child's school will be able to show you their assessment of your child's needs and will send you copies of reports on how your child is progressing in school.

All schools and early years establishments in East Dunbartonshire look at children's needs through a process of staged intervention. This process allows teachers and others to

- identify those children who may need additional support;
- make plans to support those children identified;
- deliver the support the child requires; and
- regularly review the support provided.

In addition to the additional support which schools themselves can provide through individual planning or making specific resources available, schools can also request support from East Dunbartonshire Council's specialist educational support services. The Council can also provide individual children with special equipment and resources if necessary. Some children may also benefit from attending the special schools and specialist resources which East Dunbartonshire manages.

Parents have a very important role to play in their child's education and the views of parents and young people will always be taken account of in making decisions which affect the child or the young person. If your child requires additional support at school you can provide the school with important information about your child which will be helpful in making plans to support your child. Parents and young people will always be invited to participate in reviews of progress.

A small number of children and young people with additional support needs require a co-ordinated support plan (CSP). All of these children and young people will already have a plan provided for them in school which set out targets for their learning and timescales for achieving those targets. Parents, professionals and the child or young person can all be involved in regularly reviewing the plans. The CSP sets out the educational objectives for an individual which can only be achieved by services such as health or social work working together with education to support the child or young person i.e. where the support required must be co-ordinated.

If you have a concern that your child's additional support needs are not being met you should always, in the first instance, contact the school to arrange a time to discuss that concern. Every effort will be made by the school and the education authority to resolve your concern at that point. If you are not happy with the way the matter has been dealt with and you continue to have concerns you may be able to make use of one (or more) of the following:

- mediation
- independent adjudication
- the Additional Support Needs Tribunals for Scotland to assist in reaching a satisfactory conclusion.

Further information is available at:-

<https://www.eastdunbarton.gov.uk/residents/schools-and-learning/additional-support-needs>

The Education (Additional Support for Learning) Act 2004/2009 places duties on local authorities to provide access to independent mediation for resolving disputes with parents and carers of children and young people with additional support needs when or if they arise. East Dunbartonshire Council uses Resolve Scotland. For further information contact: 0131 313 8844 or go to [www.resolve.org.uk](http://www.resolve.org.uk)

Woodland View School supports children who have been assessed by East Dunbartonshire Council with having an additional support need that cannot be met within a broadly mainstream or unit based provision. There is a very wide range of conditions that staff in the school are able to support.

Pupils may have a medically diagnosed genetic condition, be managing a physical disability, have been diagnosed with Autistic Spectrum Disorder or may be developmentally delayed. Placement at Woodland View School would be preceded by a process of consultation between parents, the school, involved agencies such as Psychological Services, Speech and Language Therapy, Social Work Department and the authority's consultation group – the GIRFEC liaison group.

Woodland View School aims to provide a nursery, primary and secondary experience for pupils at their social, emotional and academic level in smaller class sizes. This often means that classes are not purely based on age or stage.

We also link with mainstream schools across the local authority for children or young people who would benefit from a social or academic experience with their mainstream peers. If there comes a point where we feel a child or young person would be better placed in another EDC provision we would have this discussion with the team around the child and act accordingly following these discussions.

### Support for Learning Services

East Dunbartonshire Council, in supporting inclusion in its schools, has a number of support for learning services.

These are:-

- Education Support Team which includes English as an Additional Language Learning Support (Secondary), Sensory-Hearing Impaired and Visual Impaired, Assistive Technology, Language and Communication Resources
- Wellbeing Support Service

The Services support pupils through:-

- Consultancy
- Continuing Professional Development
- Co-operative Teaching
- Curriculum Development
- Partnership Working

The named person for all pupils in Woodland View School is our Head Teacher Kay Hunter who can be contacted by telephone or email through our school office. Our three Depute Head Teachers – Simon Tonner (nursery – P6), Jennifer Livingstone (P7-S3) and Lynsey O'Donnell (S4-S6) can also be contacted for information about your child's progress.

#### Supporting Families Service

The core purpose of this service is to provide support to families in developing their skills and confidence in their parenting and to provide services to children to enhance their development and learning. Examples of the services available include parenting workshops, individual support following the Triple P programme. If you wish to access any of the services please contact the team on 0300 1234510.

#### Protecting Children and Young People

East Dunbartonshire Council has issued Child Protection Procedures and Guidance which all staff must follow to promote the welfare of children and to protect them from harm.

All adults must share the responsibility for promoting children's health and safety and ensuring, as far as possible, that all children are protected from abuse, neglect and exploitation. Children cannot be expected to take full responsibility for keeping themselves safe. Professional staff must work together and in co-operation with families and carers to enable children to grow up in a warm, stimulating and safe environment.

Education staff are required to assist in the protection of children by:

- Creating and maintaining a positive and caring ethos
- Developing health and personal safety programmes
- Being observant of children's needs, views and concerns
- Reporting and recording concerns about the welfare or safety of children
- Monitoring and supporting children in co-operation with relevant professionals, parents and carers.

Education staff cannot keep secret any allegations or concerns about child abuse, even if a child or adult request this. Information or concerns that a child may be at risk of harm must be passed on in order to protect the child. Staff will treat the matter sensitively, and information will only be passed to those who need to know in order to protect and support the child.

If parents or others have concerns for any child, they can speak to the Head Teacher about this. They can also contact social work services and/or the police.

When a member of staff, a child or another individual provides information and the Head Teacher considers that there is a possibility that a child has been harmed or is at risk of harm, the Head Teacher is required to immediately contact social work services to discuss the circumstances and agree the immediate action to be taken. School staff are then required to co-operate with any subsequent enquiries or support plans.

Every education establishment or service has copies of the East Dunbartonshire Council Child Protection Procedures and Guidance. These are available for reference from the Head Teacher.

#### Additional Support Needs

As with all local authority schools in Scotland, this school operates under the terms of the Additional Support for Learning Act (2009) and its accompanying Code of Practice. Further details of the policies and procedures can be found on the East Dunbartonshire Council website, and the school's Additional Support for Learning Co-ordinator will be able to outline the support that can be offered in school.

Working with other agencies and professionals – for example, Social Work Services, Educational Psychology Service, National Health Service and parents – decisions are made with regards to the best possible education to meet the needs of the child within the resources available.

Parents, carers and children with additional support needs can also seek independent advice and support through:

Enquire: [www.enquire.org.uk](http://www.enquire.org.uk), 0845 123 2303

Scottish Independent Advocacy Alliance, [www.siaa.org.uk](http://www.siaa.org.uk), 0131 260 5380

Take Note: National Advocacy Service for Additional Support Needs (Barnados in association with the Scottish Child Law Centre) [www.sclc.org.uk](http://www.sclc.org.uk), 0131 667 6633.

#### Autism Adviser

Every establishment has an Autism Adviser who is an established member of the school teaching team and who has been provided with training and ongoing support from a multi-agency team - led by an educational psychologist and a quality improvement officer. Every Autism Adviser is guided by a process of collaborative

practitioner enquiry, which allows the school to develop the role of their Autism Adviser in response to the needs of their school context. Every Autism Adviser will be able to signpost colleagues to resources and sources of supports. While every establishment will use their Autism Adviser differently, the role of the Autism Adviser may include facilitating staff training within their school, supporting communication to parents/carers; planning for establishments' Autism Awareness Week; running a parents/carers' support group and supporting individual staff members using existing school structures (e.g. Pupil Support Group).

#### Specialist Support Service – teachers teaching in more than one school

The Additional Support for Learning Team makes provision for children and young people who have a range of additional support needs. The service comprises of teachers who work in the pre-5, special, primary and secondary sectors. Staff in the team work in partnership with staff in the establishments to plan and deliver an appropriate curriculum. The service also provides staff development and advice on resources.

The teams support the additional needs of:

- children with a significant hearing and or visual impairment;
- bilingual learners who are at early stages of learning spoken English;
- looked after and accommodated children and young people who are experiencing difficulties in school;
- children at early stages of primary school who have a developmental coordination disorder along with attention difficulties;
- young people who attend special provision units; and
- pre-5 children who have been identified as having significant support needs.

#### Pastoral Support

Each pupil in Woodland View School has a core teacher associated with their class who links to a principal teacher and a depute head teacher. All secondary pupils attend registration periods each morning where staff focus on any pastoral issues which may have arisen. Primary classes have a core teacher and support staff who have this direct pastoral responsibility. For many learners this will be the time for the morning routine to take place.

Staff will manage many issues within the bounds of being a core teacher. If further support is required staff can refer issues to one of our Depute Heads or to our Child Protection Coordinator.

During the day, if core staff are unavailable, pupils can access support through any staff member – teaching or support and can meet with a principal teacher, depute head teacher or head teacher to manage any difficulties they may be having. Learners are encouraged to remain in class, or return to class as soon as possible in order that key and core relationships can be maintained. Learners who are out of class on a number of occasions will be discussed at pastoral meetings in order that potential help or solutions can be identified. Learners may require a range of support or intervention at various points in their school career and if this support is outwith the expertise of the school staff (eg counselling, support around domestic issues etc) then we would refer to our partner agencies for advice and support.

All staff can make a referral to our Pupil Support Group for extra guidance for pupils. Pupils may have confided in them that they are struggling with an aspect of school, home or friendships, or staff may be observing changes through the behaviour, outlook or presentation of the child or young person.

At this point our Pupil Support Group would discuss any extra support we could offer. This could include learning support, counselling or the involvement of one of our link agencies. Pupil support groups are attended by senior management, social work and educational psychology as well as our nursing team if appropriate. Parents are asked for permission to discuss their child at Pupil Support Group and outcomes are shared following the meetings.

Further information and support for parents of children and young people with ASN can be found at the following organisations identified under The Additional Support for Learning (Sources of Information) (Scotland) Amendment Order 2011:

- (a) Children in Scotland: Working for Children and Their Families, trading as “Enquire – the Scottish advice and information service for additional support for learning”, a charitable body registered in Scotland under registration number SC003527;
- (b) Scottish Independent Advocacy Alliance, a charitable body registered in Scotland under registration number SC033576; and
- (c) Scottish Child Law Centre, a charitable body registered in Scotland under registration number SCO12741.”

#### Promoting Wellbeing, Protecting and Safeguarding.

The Scottish Government introduced Getting it Right for Every Child (*GIRFEC*) as a programme of change, reaching across all children and adult services in the public and voluntary sectors in Scotland, to achieve better futures for all of our children, young people and their families. It builds from universal health and education services and drives the developments that will improve outcomes for all children and young people. The Children and Young People’s (Scotland) 2014 Act now provides a legal framework around these principles.

We want all our children and young people to be fully supported as they grow and develop into successful learners, confident individuals, effective contributors and responsible citizens. We believe they should be: Safe, Healthy, Active, Nurtured, Achieving, Respected, Responsible and Included. These are the eight indicators of wellbeing.

The *Getting It Right* approach is about how practitioners across all services for children and adults meet the needs of children and young people, working together where necessary to ensure they reach their full potential. It promotes a shared approach and accountability that:

- builds solutions with and around children, young people and families
- enables children and young people to get the help they need when they need it
- supports a positive shift in culture, systems and practice

- involves working better together to improve life chances for children, young people and families

To do this the Scottish Government has legislated that all children have a Named Person until the age of 18 who will coordinate services for them, should they require it. The Named Person for children in early years' settings is their Health Visitor and for those at school it is their Head or Depute Head Teacher. Young people under the age of 18 who have left school can access their Named Person via the Education Service.

Once a concern has been brought to their attention, the Named Person, needs to take action, help, or arrange for the right support in order to promote the child's development and wellbeing. Referring to the eight Wellbeing Indicators, they will need to ask these five questions:

- What is getting in the way of this child or young person's wellbeing?
- Do I have all the information I need to help this child or young person?
- What can I do now to help this child or young person?
- What can my agency do to help this child or young person?
- What additional help, if any, may be needed from others?

The Named Person also needs to help children and families feel confident they can raise concerns, talk about their worries to people who will listen and respect their point of view and work with them to sort things out. Above all, they will ensure that the child or young person's views are listened to and that the family (where appropriate) is kept informed.

To find out more about *Getting it Right* or to access the Named Person for your child, please inquire directly to the school office.

### Child Protection and Safeguarding

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting, or by failing to act to prevent, significant harm to the child. Children may be abused in a family or in an institutional setting, by those known to them or, more rarely, by a stranger. Child protection" means protecting a child from child abuse or neglect. If a child's wellbeing is considered to be at risk, relevant information must always be shared. It is our public responsibility to protect children. Anyone who suspects child abuse or neglect should contact East Dunbartonshire Council Social Work Advice and Response on 0141-777 3000, or the Police. Each school has a designated Child Protection Coordinator, who will work with other professionals, children and where appropriate, families to safeguard children. The name of the Child Protection Coordinator should be displayed prominently within the school.

## Section 8

### School Improvement Planning

#### Raising Attainment

Monitoring performance and using the resulting information to secure improvement is an important part of the work of Head Teachers, school staff and officers within Education Services.

#### Standards and Quality Report

Every year each school publishes a Standards and Quality report which highlights the school's major achievements. This can be accessed on the school web site or a paper copy can be requested through the school office.

#### School Improvement Plan

Our school improvement plan can also be accessed on the school web site or a paper copy can be requested through the school office.

This session our priorities will be achievement and attainment for all learners, the development of communication specific to the needs of all learners across the school (including AAC, LCFE and working towards NAS accreditation) and supporting learners and the school community in the move to Woodland View School.

#### The ScotXed Programme

**Education Authorities, the Scottish Government and its partners have, for many years, collected information about pupils on paper forms. The information is now transferred electronically through the ScotXed programme.**

**The following explanation has been provided directly by ScotXed:**

##### Transferring Educational Data About Pupils

The Scottish Government and its partners collect and use information about pupils in schools (e.g. the number and characteristics of pupils, their attendance, absence and exclusions, their attainment and their destination when leaving school) to help to improve education across Scotland. This note explains why we need this information, how we use it and what we do to protect the information supplied to us.

##### Why do we need your data?

In order to make the best decisions about how to improve our education service, Scottish Government, education authorities and other partners such as the SQA and Skills Development Scotland need accurate, up-to-date data about our pupils. We are keen to help all our pupils do well in all aspects of school life and achieve better examination results. Accurate and up-to-date data allows us to:

- plan and deliver better policies for the benefit of all pupils
- plan and deliver better policies for the benefit of specific groups of pupils

- better understand some of the factors which influence pupil attainment and achievement
- share good practice
- target resources better
- enhance the quality of research to improve the lives of young people in Scotland

### Data policy

Information about pupils' education is collected through our statistical surveys in partnership between the Scottish Government and Local Authorities through the ScotXed Programme which aims to help schools and Local Authorities by supporting efficient collection, processing and dissemination of statistical information. The Scottish Government then provides analysis of the data to support research, planning, management and monitoring of education services as well as to produce National Statistics publications.

Education data within Scottish Government is managed effectively by secure systems and is exploited as a valuable corporate resource, subject to confidentiality restraints. As part of its data policy, Scottish Government will not publish or make publicly available any information that allows individual pupils to be identified, nor will data be used by Scottish Government to take any actions in respect of individuals. Data is held securely and no information on individual pupils can or would be made publicly available by Scottish Government.

**The individual data about pupils in schools collected by Scottish Government through statistical surveys is used only for the statistical and research purposes for which it is collected.**

### Your data protection rights

The collection, transfer, processing and sharing of ScotXed data is done in accordance with the Data Protection Act (1998). We also comply with the National Statistics Code of Practice requirements and other legislation related to safeguarding the confidentiality of data. The Data Protection Act gives you the right to know how we will use your data. This note can give only a brief description of how we use data. Fuller details of each individual ScotXed survey, including the purpose of each and the published data, can be found on the ScotXed website (<http://www.gov.scot/Topics/Statistics/ScotXed>). Pupil names and addresses (other than postcode) are never collected in any ScotXed statistical survey.

Scottish Government works with a range of partners including Education Scotland, Skills Development Scotland and the SQA. On occasion, in order to help meet our aim of improving the life of young people in Scotland, we may make individual data available to partners such as the National Registers of Scotland to carry out research relating to the national population census and also to academic institutions and organisations to carry out additional research and statistical analysis which helps inform policy development and contributes to improving outcomes for Scotland's people. In order to carry out this research to support better decisions, policy making and practice, data may be linked to information from other sources.

## Woodland View School Handbook 2023-2024

Any sharing or linkage of data will be done under the strict control of Scottish Government, and will be consistent with our data policy and the National Data Linkage Guiding Principles. This will ensure that no individual level data will be made public as a result of the data sharing and that these data will not be used to take any actions in respect of an individual. Decisions on the sharing or linkage of data will be taken in consultation with relevant colleagues and individuals within and outwith Scottish Government. At all times pupils' rights under the Data Protection Act and other relevant legislation will be ensured.

### Concerns

If you have any concerns about the ScotXed data collections you can email the Head of Schools Analysis, Mick Wilson, at [\*\*mick.wilson@scotland.gsi.gov.uk\*\*](mailto:mick.wilson@scotland.gsi.gov.uk) or write to Education Analytical Services, Area 2D, Victoria Quay, Leith, EH6 6QQ.

## Section Nine

### School Uniform

It is the policy of the Education Committee to encourage pupils to wear an acceptable form of school dress as determined by Head Teachers, Parent Councils and parents. In encouraging the wearing of school dress, account must be taken of any proposals to prevent any direct or indirect discrimination on the grounds of race or gender. Any proposal will be the subject of consultation with parents and pupils.

Parents are asked to co-operate with the school in encouraging the wearing of the school uniform.

Woodland View School uniform is:

- Grey / black skirt or trousers / jogging trousers / leggings
- Pale blue polo shirt and royal blue jumper (primary)
- White polo shirt or white shirt and navy jumper (secondary)
- School tie is also available for those that wish to wear this.

Uniform items can be ordered from

Baru <http://www.kitmykid.co.uk/Woodland-View-School/>

ID Dancewear <https://www.iddancewear.com/schoolwear-glasgow.php>

Koolschools (Fairtrade) Primary - <https://www.koolschools4u.co.uk/product-category/woodland-view-primary-school-kirkintilloch/>

Secondary - <https://www.koolschools4u.co.uk/product-category/wodland-view-secondary-school-kirkintilloch/>

Wearing school uniform contributes to a positive school ethos and helps avoid discrimination and reduces peer pressure to wear expensive designer clothing.

A school's reputation can also be enhanced in the local community by the wearing of school uniform and it makes it easier to identify our children and young people through their uniform.

The appropriate clothing and footwear for PE is a T-shirt, shorts/jogging trousers / leggings and gym shoes with non-marking soles. These are necessary for health and safety reasons and your co-operation is requested to ensure that pupils are equipped to participate in the PE lessons. – please note there is a requirement that all jewellery is removed prior to undertaking physical education activities.

Staff are always available to support with changing should this be required in order to continue to help our learners develop self-help skills where appropriate

Please ensure that all items of clothing are clearly labelled, particularly ties, sweat shirts and PE kit which are often lost. A protective apron or an old shirt should be

worn for art and craft activities. Please help the school and the education authority by making sure that pupils do not bring valuable or expensive items of clothing to school.

Offensive clothing such as T-shirts or other items with obscene language or illustrations are not permitted. Football colours are also inappropriate as they can lead to incidents of rivalry.

Under no circumstances will pupils be deprived of any educational benefit as a result of not wearing uniform and, in particular, pupils will not be denied access to examinations as a result of not wearing school dress.

Parents are asked to assist by ensuring that valuable items and unnecessarily expensive items of clothing are not brought to school.

Parents/carers receiving income support or income based job seekers allowance or housing benefit or council tax rebate (not discount) or employment and support allowance (income related) will normally be entitled to monetary grants for footwear and clothing for their children. Parents who are in receipt of working tax credit and/or child tax credit may also be eligible, the Community Hubs and education office can provide more details. Approval of any requests for such grants made by parents in different circumstances is at the discretion of the Chief Education Officer. Information and application forms may be obtained from schools, the Community Hubs and the education office.

## **School Meals**

We know that maintaining a healthy diet is linked to a happy and active lifestyle. By eating a school meal provided by East Dunbartonshire Council's School Meals Service your child is guaranteed a balanced nutritious meal to keep them healthy and alert throughout the school day.

The meals are freshly cooked on a daily basis by our skilled staff who care about food and your child's wellbeing. Our staff will help your child to make balanced choices. The meals meet the Scottish Government's nutritional regulations.

Any Special diets or allergies should be discussed with the school.

## **Free School Meals**

**\*\*\*(This is currently under review and an update will be issued as soon as possible.)**

**Please note that pupils are not allowed fizzy drinks or energy drinks in school.**

## TRANSPORT

Below is general information issued to EDC schools regarding transport. At Woodland View our learners are transported via bus or taxi, and parents/families can be reimbursed for bringing their own child to school. We have been working with the change team and with transport team this session to identify ways in which the learners can be transported to school and are continuing to work towards the best possible outcomes on this with a move towards transporting more children and young people by school bus. There will continue to be some learners who are unable to travel with peers in transport due to challenges which they face in this, and we will work with families to support this.

### (a) **General**

It is a parents' responsibility to ensure their child arrives at school and returns home from school in a safe and responsible manner.

#### Primary Pupils

In order to assist parents in getting their child of school age to school safely and on time, the Education Authority has a policy of providing free transport to primary pupils who live one mile or more from their catchment primary school by the recognised shortest walking route.

#### Secondary Pupils

In order to assist parents in getting their child of school age to school safely and on time, the Education Authority has a policy of providing free transport to secondary pupils who live three miles or more from their catchment secondary school by the recognised shortest walking route. This policy is more generous than the law requires. This means that the provision of transport could be reviewed at any time. Parents who consider they are eligible should obtain an application form from the school or education office or [www.eastdunbarton.gov.uk](http://www.eastdunbarton.gov.uk). These forms should be completed and returned before the end of February for those pupils beginning school in August to enable the appropriate arrangements to be made. Applications may be submitted at any time throughout the year but may be subject to delay whilst arrangements are made.

Parents should note that no transport provision is made for home journeys for infants who may have a shorter day until September week end.

Children not collected by parents are supervised until the end of the normal school day.

Chief Education Officer has discretion in special circumstances to grant permission for pupils to travel in transport provided by the authority where spare places are available and no additional costs are incurred. This is known as concessionary travel and parents are required to submit concessionary travel

applications each year in the period June – July to ensure that consideration can be given to their request for concessionary transport for August.

Parents should obtain an application form from the education office or [www.eastdunbarton.gov.uk](http://www.eastdunbarton.gov.uk).

**(b) Pick up Points**

Where free transport is provided it may be necessary for pupils to walk a certain distance to the vehicle pick-up points. Walking distance in total, including the distance from home to the pick-up point and from the drop-off point to the school in any one direction, will not exceed the authority's limits (see above paragraph). It is the parents responsibility to ensure their child arrives at the pick-up point on time. It is also the parent's responsibility to ensure the child behaves in a safe and acceptable manner while boarding, travelling and alighting from the vehicle. Misbehaviour could result in your child losing the right to free transport.

**(c) Placing Request**

The education authority does not provide transport for those pupils in receipt of a placing request other than in exceptional circumstances.

In the case of early entry requests, if the child is offered a place in his/her catchment area school, transport will be provided in accordance with the council policy stated above.

**Please note that if your child is transported to school by taxi, arrangements for your child will be re-tendered annually by the authority. This means that your child may not get the same taxi company, driver or escort each year. Any issues with the taxi service for your child should be discussed with the school in the first instance. We may then refer it onto the department responsible for transport.**

## **Adverse Weather Conditions**

### **DRIVER'S RESPONSIBILITIES**

- In adverse weather conditions drivers **MUST** liaise with Head Teachers to ensure the safety of the children.
- In periods of snow and ice the driver must use his discretion to decide if a road is passable or not. He should endeavour to choose a route which gives the greatest number of children a reasonable chance of getting to school safely.
- At their own discretion drivers may abandon a morning journey and return all pupils already picked up to their homes and inform the relevant Head Teacher concerned. See bullet point below.\*

- On homeward journeys pupils shall only be set down at their normal vehicle set down point. If there is a possibility that the vehicle will be unable to take the pupils to that point, contingency plans should be made with the Head Teacher.
- In the event that transport cannot continue due to blocked roads or any other obstruction, children will be instructed to stay in the vehicle until rescue can be organised.

### **STRATHCLYDE PARTNERSHIP FOR TRANSPORT/EAST DUNBARTONSHIRE COUNCIL'S RESPONSIBILITIES**

- SPT will contact a Senior Officer within EDC to advise of difficulties with transport.
- Senior Officer will contact Head Teacher/s.
- Head Teachers to contact parents, where possible by text message, (at peak times there may be delays due to volume across local authorities).
- \* In the event of journey being abandoned, Head Teachers will advise the driver of any change to normal home address.
- At the beginning of every session, the school should update the contact details for all parents/guardians for pupils accessing school transport. This will allow school office staff to inform parents/guardians immediately of changes due to adverse weather.
- If the inclement weather is continuous, the school will update their website on a daily basis.

### **PARENTAL RESPONSIBILITIES**

- To ensure child/children are at designated pick up point (please note that in adverse weather this may differ from original point, Head Teacher will advise).
- If concerns regarding bus arrival, contact bus operator and/or school.
- Parents should ensure that they notify the school of any changes to their contact details.
- If they have not already done so, parents are advised to register for the text messaging alert system within their child's school.
- Where inclement weather is present and it is probable that the current pick up point is unlikely to be accessed, parents should take a common sense approach and their child/children should be taken or directed to the closest accessible pick up point within a reasonable distance.

## Medical and Health Care

Information should be given on medical and dental inspections and on dental treatment. Parents should be given an indication of the procedures followed if a child takes ill at school. Parents should be made aware of the necessity to inform the school of any particular medical requirements and of arrangements to be made if a child has to be taken home.

Parents should provide the Head Teacher with sufficient information about their child's health care needs and treatment. Where necessary, this information should be updated annually or more frequently if there is a change in circumstances. Where there is concern about whether the school can meet the pupil's needs or where the parents' expectations appear unreasonable, the Head Teacher should seek advice from the school nurse or doctor and, if required, the Chief Education Officer.

## DATA PROTECTION ACT 1998

East Dunbartonshire Council will process your child's personal data in compliance with the Data Protection Act 1998 and all other relevant legislation. The Council may share your child's personal data with other Council services and public agencies to support the delivery of services to promote the health, safety and well-being of children and young people.

## Accessing your Child's Pupil Records

Parents have a legal right of access to their child's core education records, regardless of the age of their child. These are the records held within your child's Personal Pupil Record (PPR). Parents do not have a general right of access to all records that mention their child. To access your child's file, please apply in writing to the Head Teacher.

A child has a legal right of access to all records held about them. This includes records that may be held out with of the PPR. If a child is aged 12 or over and can show suitable maturity and understanding they may exercise this right of access through a request to the Head Teacher in writing. If your child is aged 11 or younger, or is not considered to have suitable maturity or understanding, then a parent may make an application on their child's behalf for access to all records. The table below summarises who may access what records through writing to the appropriate Head Teacher

AGE OF CHILD	CHILD'S LEGAL RIGHTS	PARENT'S LEGAL RIGHTS
Under 12	A child's parent or guardian may apply on the child's behalf for access to all records	Right of access to core education record (PPR)
12 and older	If able to show suitable maturity and understanding, the child may apply for access to all records	Right of access to core education record (PPR) No legal right to all records unless acting as child's representative

		because child is unable to show suitable maturity or understanding
--	--	--

### **Freedom of Information (Scotland) Act 2002**

The Freedom of Information (Scotland) Act gives individuals a statutory right to the unpublished “internal” information and records held by Scottish Public Authorities such as East Dunbartonshire Council and its schools. Individuals have already used this legislation to find out about policy, procedures and how particular decisions have been reached.

If you would like to use this legislation to access particular information please write to the Head Teacher, and subject to certain conditions and exemptions, you will receive a full response within twenty working days of receipt of the request.

Please note that you cannot access personal information on staff or pupils under this legislation. To access personal information about your own child, please see the section 28 on Accessing Your Child’s Pupil Records.

### **Use of Photographs and Video Film Involving Pupils**

On occasion, the school may seek permission from parents to photograph/video pupils for internal purposes within the school, for Council publicity materials and/or for press/media related activities. If a pupil’s image is being used on any webpage or on a webcam, parents will be asked for express consent as this image has the capability of being viewed by any person with Internet access world wide.

Pupil photographs will be held with the school’s Management Information System (SEEMIS), parents will be asked for consent.

### **School Campus No Smoking Policy**

With the introduction of the Smoking, Health and Social Care (Scotland) Act 2005 and the Prohibition of Smoking in Certain Premises (Scotland) Regulations 2006, East Dunbartonshire Council now operates a no smoking policy across all authority’s school campuses. Any person accessing the school must refrain from smoking in any of the school campus areas.

### **Pupil Use of Mobile Phones in School**

There have been many concerns raised by Head Teachers, staff and parents about the extensive use of mobile phones by pupils and the associated risks of such use while in school.

Our children and young people can be particularly vulnerable when accessing social media on their phones and this is an area which we continue to support all our learners with when in school.

The Education Committee of East Dunbartonshire Council as a result of these concerns, agreed that each school should have the power to set its own policy in relation to pupil use of mobile phones in school.

All establishments will incorporate the following points into their policy:

1. Schools will discourage, and will also advise parents to discourage, pupils from bringing mobile phones to schools.
2. Parents will be advised that East Dunbartonshire Council will not accept liability for the loss or damage of mobile phones which are brought into the school or school grounds by pupils.
3. If pupils bring mobile phones to school, the phones must remain switched off while the pupils are in class. Head Teachers will have the power to extend the switching off of mobile phones by pupils to the whole school building and also to the school grounds.
4. Where a pupil is found by a member of staff to be using a mobile phone outwith the policy of the school, the phone will be confiscated. When a phone is confiscated, a receipt will be passed to the pupil by the relevant member of staff, in order that the pupil can present the receipt at the end of the school day to uplift the phone.
5. If a pupil is found taking photographs or video footage with a mobile phone of either other pupils or staff, this will be regarded as a serious offence and the Head Teacher, depending on the circumstances, will decide on an appropriate discipline. In certain circumstances, the pupil may be referred to the Chief Education Officer. If images of other pupils or staff have been taken, the phone will not be returned to the pupil until the images have been removed

### **Childcare Information Service**

The Childcare Information Service is a free service provided by East Dunbartonshire Council. It aims to provide parents with accurate details on childcare provision in a variety of settings e.g. out-of-school care groups, childminders, nurseries, playgroups, holiday playschemes and parent & toddler groups.

It also offers other advice including: choosing quality childcare, accessing help to pay for childcare and contact details regarding childcare organisations.

The Childcare Information Service, launched in May 2000, is a key element of East Dunbartonshire Council's Childcare Strategy which aims to develop, quality, accessible, affordable and flexible childcare across the East Dunbartonshire area.

To use this service please call the helpline number on 0300 123 4510, e-mail [chis@eastdunbarton.gov.uk](mailto:chis@eastdunbarton.gov.uk) or log onto the service's website at [www.scottishchildcare.gov.uk](http://www.scottishchildcare.gov.uk).

### **Appointment of Adults to Voluntary Child Care Positions**

In order to meet a legal obligation under the Protection of Children (Scotland) Act 2003 and as part of the policy in respect of child protection, the Council has introduced a policy to ensure that any individual who is appointed to a voluntary child care position is not fully listed on the Disqualified from Working with Children List.

This policy, which requires any adult appointed to a voluntary child care position, to undergo a criminal background check to ensure their suitability. The policy applies in particular to:

- parent volunteer helpers in schools who are considered to have regular contact with children and young people;
- parents and co-opted members of parent councils;
- parent members of local parent-teacher associations;
- elected members serving on committees relating to the development of children's services;
- any other individual working in a voluntary child care position within a service managed by East Dunbartonshire Council.

The policy builds on East Dunbartonshire Council's *Child Protection Interagency Guidance* (2002) which underpins all child protection work undertaken by local authority services. It also complements the Council's policy on the leasing of council premises to organisations which provide activities and services to children and young people.

## **Educational Maintenance Allowance (EMA)**

Information about EMA for session 2023/24 has been groupcalled home to parents and carers in June 2023 in order that paperwork can begin to be completed.

The Scottish Government has introduced the Education Maintenance Allowance (EMA) Scheme to encourage access to, and participation in further and higher education. If you are 16 years of age or over before 30 September, you may be eligible for an EMA from the beginning of the school term. If you are 16 years of age between 1 October and February, you may be eligible for an EMA from January. This weekly allowance will be payable by East Dunbartonshire Council to students who attend a school managed by the Council, regardless of where they live. Application forms and further information can be obtained from the Head Teacher or Education Office, Tel: 0300 1234510 Ext 8947 or [www.eastdunbarton.gov.uk](http://www.eastdunbarton.gov.uk)
